

FOR PRESIDENT IN 1888, JAMES G. BLAINE, OF MAINE.

Subject to the decision of the Republican National Convention.

"We always have the American flag above us and not below us."—James G. Blaine.

MORE SHOULD BE DONE.

A private letter from New York says that the illustrated correspondence which appeared in the New York Morning Journal, on Sunday, the 9th inst., caused considerable talk among the people of the metropolis, and started them to thinking that maybe Nevada was more than a barren sagebrush State or "rotten borough." The fact that this one well written letter has set them to thinking shows too plainly that the people of Nevada should at once bestir themselves and find some means of advertising the resources of our State. California is using every means imaginable to show the bright side of the Golden State to the thousands of Eastern people who are seeking homes on this Coast, and others who would come West if they could decide on a place to settle. Now is the time for this advertising to be done, while the tide of immigration is on the move westward. We should not wait until they are all here and have purchased homes in California, but should at once provide some means to show our Eastern friends that there is such a State in the Union as Nevada, and that she is not merely a barren waste populated by a few thousand savage people, who only wait year in and year out for elections to come around, whereby they may sell themselves to the highest bidder that the railroad may have one more representative within the walls of Congress to help them to rob our people of all their rights as American citizens, and to tighten the crushing bands of that monopoly around them, but that it is a State capable of being cultivated and beautified in every way, with one of the healthiest climates in the world and populated with as intelligent people as can be found anywhere, and who are not for sale like cattle. There has not been an Eastern tourist, who has had forethought enough to stop off and take a look around in this beautiful valley surrounding Reno, but what has fallen in love with it and wished he had more time to examine the country. More would do likewise if they were aware of its existence or capabilities. An Advertising Bureau of some kind should be established at once, while the tide of immigration is surging westward.

National Conventions.

WASHINGTON, October 16.—The people of Washington are beginning to look with covetous eyes upon the Presidential conventions of next year. It is proposed to use the northern Liberty Market for a convention hall. This building is 324 feet long, 116 feet wide, 105 feet high, and with galleries could be made to seat 8,000 people. William Dickson thinks that a special building ought to be and will be built for the purpose. C. S. Moore, of the Columbus Democratic Club says that Washington has just the same advantages as a place for holding national conventions that it has as the seat of the Federal Government. It belongs to no State and has no vote in the Presidential election. It is absolutely neutral and is, therefore, the proper place to hold the convention.

The Union Coal Company at Shamokin, Penn., have issued orders to its mine foreman to remove all persons working in its mines who are unable to speak and understand the English language. Through the inability of men not understanding English, orders are misunderstood, causing serious accidents and endangering the lives of all. The Hungarians and Poles will suffer the most.

Robert Sullivan, a switchman working in the yards at Albuquerque, N. M., was killed while in the act of coupling cars. It appears as if the fault is with the railroad company, as the bumper on one car was higher than on the other, thus pinning him between the two cars. As soon as they became loosened he dropped to the ground a lifeless and unrecognizable corpse.

The Grand Chapter of the order of the Eastern Star of the State of California commenced its fifteenth annual session in Laurel Hall, San Francisco, Monday morning. This session will last four days, and many subjects of interest to the Order will come up for discussion. The Secretary's report shows a total membership of 4,345, a gain of 151 during the past year.

NEWS ITEMS.

Charles Dickens arrived in New York Sunday from Europe.

President Cleveland visited the widow of ex-President Polk Sunday.

A turtle weighing 1,000 pounds was caught in Monterey Bay on Wednesday. The painters employed on the new Del Monte Hotel have struck for higher wages.

It is estimated that the value of the furs secured in Alaska for 1887 will amount to \$2,500,000.

In the championship games of the California Baseball League the Pioneers and Haverleys stand even.

The demand for small farms of from five to 20 acres, is greater than can be supplied around Petaluma, Cal.

It is reported in Washington that the Union Iron Works of San Francisco will obtain a contract for finishing the Monandnock, now at the Mare Island Yard.

The present report indicates that the California raisin crop will amount to 1,000,000 boxes, a large increase over any former crop produced in the Golden State.

The great telescope for the Lick Observatory of California, which was being manufactured in Cleveland, Ohio, has been completed and will be shipped in a few days.

William Sandow fell through the suspension bridge at Nevada City, Cal., Sunday, and received injuries that will probably prove fatal. The bridge was being repaired.

The big timber raft from St. John, N. B., for New York, which was a failure last year, will be launched in November. It will be 560 feet long, or 100 feet longer than originally.

The Alta Mining Company, of Butte, Montana, uses over 300 tons of salt per month, and the difference between what they now pay and the reduction on freight asked amounts to \$2,000 a month.

The barn, farming implements, grain, harness, wine cellar, and 5,000 gallons of wine on Oliver Adams' ranch, on the Sonoma road in Napa county, were burned on Sunday. Loss, \$2,500; uninsured.

A young man at Albuquerque, N. M., blew down a rifle barrel on which he had a few moments before snapped a cap. The rifle retaliated and blew back, sending a bullet through his brain, killing him instantly.

The cause of R. F. Morrow's being ordered into custody by Judge Sullivan, of San Francisco, appears to have been the sale by him of a large block of Segregated Belcher stock, which he had held for many years.

It is announced that Mike Kelly, the famous baseball-player, has signed a contract to appear with a minstrel party. He will act as interloper, and his contract calls for his appearance after his return to Baltimore from California, in January, 1888.

The stage from Auburn to Georgetown was stopped by a masked highwayman on American river hill and the passengers relieved of a total of about \$20 and some jewelry. The robber, who gave the name of George Starling, was captured at Auburn in the evening, and most of the booty recovered.

G. Meyer Zuhok, Governor of Arizona, in his annual report, estimates the population of the Territory at 90,000—an increase of nearly 50,000 over the census estimates of 1880. The aggregate assessed valuation of taxable property for the present year is \$26,313,500—an increase of nearly \$6,000,000 over 1886.

Fifty illegal squatters and cattlemen have been removed from the Mesquero Indian Reservation, in New Mexico, by United States troops. Most of those removed were wealthy stockmen who had set up fraudulent claims to Government land. Fifteen settlers, who proved to have bona fide claims, were left unmolested.

Oueda Cavalho, an Indian woman in the service of S. A. Sanderson, living at 1055 Poplar street, Oakland, died Sunday morning of consumption. She is believed to have been the last of the Humboldt, the tribe of Indians who formerly ruled the northern portion of this State and from whom the county takes its name.

Isabella Frances Morris was married in Boston last week to Mr. Barnes, a grandson of Thurlow Weed. One of the wedding presents was a check for \$1,000,000 and a handsomely furnished house from the bride's father. The young couple upon whom this burden of wealth has been thrust are on their way to California and may extend their honeymoon to Alaska.

One of the guests of the Palace Hotel, San Francisco, is a young lady who has the honor of being the first woman to whom the doors of Yale College were opened as a student. Miss Alice P. Jordan was born in Coldwater, Michigan. She graduated at the State University at Ann Arbor and afterward took the full course in the Law Department of Yale, graduating with honor to herself and to her State.

A Righteous Howl From the Deacon.

Deacon Parkinson gives vent to his outraged feelings in the following: "FOUR HOURS LATE.—This is the usual cry concerning the mail arrival, and what can be done about it? The C. P. R. not only controls the State of California, but Nevada, and every inch of ground through which its iron rails run, and we, poor folks, have to grin and bear all the outrages perpetrated on us. Accidents will occur on all railroads, and due allowance is made for the detention of mails in such cases, but when all through the Summer months the people are so scandalously deprived of mail privileges, it becomes necessary to demand at least fair dealing. Let the people of Nevada combine and show that they are determined to maintain their rights." He feels himself what it is to be thrown three hours behind on his needed exchanges. His idea is a good one, and if the newspapers set the ball a-rolling by starting in to combine themselves, the people will readily fall in line, and concerted action will be taken that could not fail to effect good results. If stage coaches can be held to the schedule time of their mail contracts, the C. P. railroad surely can be hauled up with a sharp, round turn. A monster petition to Mr. Cleveland's Postmaster-General would soon be heard from by the dilatory officials of the C. P., and as they have once already butted their heads against the administration with decidedly unpleasant results to themselves, they may not care to repeat it. Are the mail facilities, which are the righteous due of the people of Nevada, to be wantonly sacrificed to make a C. P. holiday?—Virginia Report.

Saturday night as a gymnast was performing on the trapeze in the La Porte Hall, Monterey, before a large audience, the scaffolding suddenly gave way, coming down on that part of the audience which was directly under and around the scaffold. The chandelier was broken and the kerosene lamp exploded on the floor. There was intense excitement for a few moments, but the cooler part of the audience bent the fire out with their coats. Some women fainted and there were a few people bruised. The gymnast was unharmed.

Chicago capitalists are seriously considering the project of building a large factory in Los Angeles to manufacture all kinds of time pieces, from the smallest watch to the largest church tower clock. It is proposed to be built on a scale requiring about one thousand men, mostly skilled workmen.

NEW TO-DAY.

PROBATE NOTICE.

STATE OF NEVADA, COUNTY OF WASHOE. IN THE DISTRICT COURT OF THE STATE of Nevada, County of Washoe. In the matter of the estate of Lazaro Ginochio, deceased. Notice is hereby given that P. Martindale and G. B. Ginochio having filed in this Court a paper purporting to be the last will and testament of Lazaro Ginochio, deceased, and a petition praying that the same be admitted to probate and that letters testamentary issue to said petitioners, the hearing of the same is hereby fixed for Saturday, the 20th day of October, 1887, at 10 o'clock, in the forenoon of said day; at the Court room thereof, at the Court House, in the town of Reno, county of Washoe; and all persons interested in the said estate are notified then and there to appear and show cause, if any they have, why the prayer of the petition should not be granted and the said paper admitted to probate and letters issued as prayed for. T. V. JULIEN, Clerk. Dated October 17th, 1887.

FIFTY-CENT COLUMN.

All classes of legitimate advertisements not exceeding six lines inserted in this column for 50 Cents per week.

MONEY

to be made. Cut this out and return to us, and we will send you free, some thing of great value and importance to you that will start you in business which will bring you in more money right away than anything else in this world. Any one can do the work and live at home. Either sex; all ages. Something new, that just costs money for all work. We will start you; capital not needed. This is one of the genuine, important chances of a lifetime. Those who are enterprising and ambitious will not delay. Grand outfit free, Address TRUX & Co., Augusta, Maine.

WORKING CLASSES ATTENTION! We are now prepared to furnish all classes with employment at home, the whole of the time, or for their spare moments. Business new, light and profitable. Persons of either sex easily earn from 50 cents to \$5.00 per evening, and a proportional sum by devoting all their time to the business. Boys and girls earn nearly as much as men. That all who see this may send their address, and test the business, we make this offer. To such as are not well satisfied we will send one dollar to pay for the trouble of writing. Full particulars and outfit free. Address GEORGE SIMMONS & Co., Portland, Maine.

YOU can live at home, and make more money at work for us, than at any thing else in this world. Capital not needed; you are started free. Both sexes; all ages. Any one can do the work. Large earnings sure from first start. Costly outfit and terms free. Better not delay. Come you nothing to send us your address and find out; if you are wise you will do so at once. H. HALLIST & Co., Portland, Maine.

DAILY NEVADA STATE JOURNAL
C. C. Powning Editor & Proprietor
THURSDAY, OCTOBER 20, 1887.
FOR PRESIDENT IN 1888,
JAMES G. BLAINE,
OF MAINE.
Subject to the decision of the Republican National Convention.
"We always have the American flag above us and not below us."—James G. Blaine.

GIVE US GRADES.
Many new and permanent improvements are being made in Reno; many of them are of a character that will stand for years. So far each builder has been privileged to construct buildings with a view to his own convenience, without considering the grade of the streets or what the adjoining property holder may do. The result is, that we have sidewalks that are neither pleasant to walk upon, nor attractive to the eye. Take any of our business streets and glance along them, and to those who have lived in well regulated towns and cities, the ups and downs that are to be seen are eye sores. What Reno now needs is established grades of the principal, if not all of her streets, and ordinances to make all who are rearing and who may hereafter rear business blocks and residences recognize these grades. This is a work that will be comparatively inexpensive if commenced now. A monument here and there can be established from which bearings can be run, and with the aid of profiles that should be made and filed in the proper office, no one would be at a loss for data, by which he can ascertain the elevation of any street in front of his premises. A little judicious work in this direction will add not only to the present but future beauty of Reno, which is susceptible of having the finest drives and walks of any place between Ogden and Sacramento. There is no more lasting monument which our Commissioners can rear for themselves, than to give the town a good grade to which not only our Supervisors can work, but all structures can be made to conform.

Entitled to Statehood.
WASHINGTON, Oct. 18.—The Republican leaders are going to make a vigorous effort to get Dakota into the Union at the coming session of Congress. They are anxious to secure its electoral vote in the next Presidential election. Dakota has been seeking admission for a number of years. The Territory has more than the requisite population and would probably have been admitted before had it not been for a dispute over the division of the Territory into North and South Dakota. South Dakota contains the bulk of the population and the best lands, and the residents of North Dakota have objected strenuously to the separation. The Republicans would like to get an Enabling Act to admit both South and North Dakota, as it would materially aid their chances of electing the next President. In the last Congress there were seven Democrats, it is said, who were willing to vote with the Republicans for the admission of South Dakota. The Democratic majority has been largely reduced in the House, and if ten Democrats can be induced to vote with the Republicans this Winter Dakota can be admitted. The Republicans are confident of carrying their point. It is not believed however, that any new States will be admitted until after the next Presidential election. Washington and Montana Territories are both eligible for admission into the Union and it is thought that a compromise may possibly be effected to admit all three at one.

Thomas Nast, the celebrated caricaturist, has signed a contract with Manager McCourt, of the Tabor Grand Opera House, Denver, and John Maguire, of Montana, for a four-months' tour of California, Oregon, Montana, Nevada, and all the principal cities west of the Missouri, for a series of illustrated lectures, the first one of which will be given in Denver next week.

James Voorhees, son of Senator Voorhees of Indiana, disappeared from his home in Washington Tuesday. He has been mentally unsettled for some time, and within a few days has shown symptoms of violent insanity. The authorities at Baltimore, Philadelphia and New York have been notified to capture the missing man.

Ex-Secretary Boutwell in an interview said: "The Republicans will win in 1888 whoever the candidate may be. We can win with Blaine, Sherman, Allison or General Phil Sheridan. If General Sheridan should be the choice, in my opinion, he would make a fine run and undoubtedly be elected."

The series of baseball games being played for the world's championship, yesterday stood Detroit 6, St. Louis, 2.

LATEST NEWS ITEMS.
General Ben Butler has signified his willingness to assist in the defense of the condemned Chicago Anarchists.
The New York Star says the World and Herald are in a scheme to nominate Roscoe Conkling for the next Presidency.
Two hundred and eighty Mormon converts landed at Castle Garden yesterday. They came from Liverpool and are bound for Salt Lake City.
The third annual session of the Grand Encampment of California Odd Fellows commenced in San Francisco Tuesday. The report of the Grand Scribe showed that the membership June 30 was 4,784—a net gain of 123 since December.

A caucus of members of the New York Republican State Committee yesterday favored the nomination of District Attorney Martine for a judgeship, and his assistant Nicoll for District Attorney. Both are County Democrats.
The report of the Bureau of Statistics on the wool product will be issued shortly. It will estimate the wool clip this year at \$70,000,000, and the number of sheep in the country at 40,000,000, an increase of 5,000,000 since the last census.

The first Comptroller of the Treasury, in his report of the work of his bureau for the fiscal year ending June 30 last, recommends among other things that United States District Attorneys, Marshals and Clerks be paid salaries and that the fee system be abolished.
Charley Mitchell has posted a forfeit and issued a challenge to fight John L. Sullivan, according to London prize ring rules, for £500 a side. Should, however, Sullivan not accept Mitchell's challenge, anybody else can have the match, but not for less than £500 a side.

A prominent Western Union Telegraph man of New York is reported to have said: "The opposition to the Western Union's cable has got to go; and it's only a question of time, and a very short time at that, before we will see the Western Union controlling absolutely the Commercial cable."
Ex-Secretary Boutwell in an interview said: "The Republicans will win in 1888 whoever the candidate may be. We can win with Blaine, Sherman, Allison or General Phil Sheridan. If General Sheridan should be the choice, in my opinion he would make a fine run and undoubtedly be elected."

THE IRRIGATING SCHEME.
The possibility of getting water from Lake Tahoe by means of a syphon was argued in these columns years ago and somewhat ridiculed, but now the feasibility of the plan is the general newspaper talk and scientists advocate the method. To tap the lake by means of a tunnel would entail an immense expense, which would be in a measure obviated by the syphon scheme. To make Nevada what nature intended her to be, the immense amount of waste land must be put under cultivation, and to effect that desirable end, water must be had for irrigating purposes and surely no better method could be suggested than utilizing the water of the beautiful lake. Some argue that diverting the lake water would be an injury to Washoe and other counties, but those who know whereof they speak, claim that water enough could be taken from the lake to irrigate every acre of sagebrush land in the surrounding valleys without any apparent diminution of its quantity. One thing is certain, viz: that water must be had, either by damming up the stream heads, tapping Lake Tahoe or boring artesian wells, for the people are determined on cultivating waste land and will demand State aid to accomplish the desired improvement. Our farmers are already exporting grain, beef cattle, potatoes, etc., and supplying the neighboring State with such articles, and the attention of wealthy men in California and Eastern States is gradually being attracted hitherward and if our people only stand in together, Nevada's future is assured. The large immigration of Eastern people to Southern California has called much attention to our glorious State. Our climate has been the subject of much talk all through the United States, and the chances are favorable for an increase of population that will astonish the very sleepy old settlers to such a degree that they will join heart and hand to so improve Nevada that climate will not be all we have to boast about.—Carson Tribune.

It appears from the Reno JOURNAL that in consequence of the poorly arranged fire department of that growing town, the insurance agents refuse to take any more risks. Why a place possessing all the necessary facilities for extinguishing fire should be in such a condition is hard to explain.—Carson Tribune.

BEATS THE LOUISIANA LOTTERY.—For the next sixty days all those who purchase one dollar's worth of groceries at Havenor's Cash Store will receive a ticket in a drawing for a fine gold watch. This is certainly a liberal proposition and all groceries sold at this establishment are fresh and of the best quality, and are disposed of at the lowest retail price. All goods are warranted and if not as represented the purchase price will be refunded. Go and take your chances in the watch.

What Is It
That produces that beautifully soft complexion and leaves no trace of its application or injurious effects? Wisdom's Roberts' skin cream, this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warranted harmless and matchless. S. J. HODGKINSON & Co., my 24 17r Agents Va. St., Reno, Nev.

MONEY
to be made. Cut this out and return to us, and we will send you free, something of great value and importance to you, that will start you in business which will bring you in more money right away than anything else in this world. Any one can do the work and live at home. Either sex; all ages. Something new, that just comes money for all workers. We will start you; capital not needed. This is one of the genuine, important chance of a lifetime. Those who are enterprising and ambitious will not delay. Grand outfit free. Address
T. V. JULIEN & Co., Augusta, Maine.

WORKING CLASSES ATTENTION! We furnish all classes with employment at home, the whole of the time, or for their spare moments. Business new, light and profitable. Persons of either sex easily earn from 50 cents to \$5.00 per evening, and a proportional sum by devoting all their time to the business. Boys and girls earn nearly as much as men. That all who see this may send their address, and test the business, we make this offer. To such as are not well satisfied we will send one dollar to pay for the trouble of writing. Full particulars and outfit free. Address
GEORGE STRINSON & Co., Portland, Maine.
YOU can live at home, and make more money at work for us, than at any thing else in this world. Capital not needed; you are started free. Both sexes; all ages. Any one can do the work. Large earnings sure from first start. Costly outfit and terms free. Better not delay. Come to nothing to send us your address and find out; if you are wise you will do so at once.

TOWN AND COUNTY.

BREVITIES.

Senator Kaiser is in town.

Elko county wants an Annual County Fair.

There are over 20,000 sheep in Mason Valley.

H. L. Fish has been reappointed a Notary Public.

Jas. Pritchard, of Carson, was a passenger for the Bay last night.

Dr. Mullen, of Los Angeles, is in Reno, the guest of J. L. Stevenson.

Standard Nerve Food a healthful drink. Geo. Becker, agent, Reno, Nevada.

Wells, Fargo & Co., opened an express office at Ely Tuesday with Sol Hill as agent.

M. Nathan won \$100 in the Louisiana lottery at the last drawing, or the tenth part of a \$1,000 prize.

The railroad company are now getting their train through nearer on time. Wonder for how long?

J. P. Sweeny came down from Carson last night, as escort to his sister, who goes East this morning.

The Board of Equalization of White Pine have raised the assessment roll of that county about \$30,000.

C. Colombet, of San Francisco, shipped from Iron Point yesterday to Horn & Chapman 165 head of cattle.

Stocks were off yesterday. Crown Point closed at 11 and Belcher at 10. Alta advanced from 2.85 to 3.15.

The Tribune says several marriages among Carson young folks are about to take place; one if not two during the present week.

Mrs. Sarah E. Winters, sister-in-law of Theodore Winters, died at Fresno a few days ago. The remains were taken to Colusa for burial.

The Sentinel says showers of rain have been plentiful in Eureka during the last week, and the season appears more like Spring than Fall.

Mr. Charles Lewis, of Wadsworth, has been in town for the past few days. He left for home yesterday much pleased with the future outlook of Reno.

Several of our idle young men have struck for work on the railroad as brakemen and firemen, and soon the Reno "bleeds" will be scattered all the way from Truckee to Winnemucca.

Dan Sohl's sausage wagon is doing a good business, and Dan is correspondingly happy. His sausages are fine, because this office has sampled them. He is also retailing beef, mutton and veal.

United States Marshal Kelly arrived in Winnemucca Tuesday from Ft. McDermitt, with two prisoners, Ed. Matthews and Ed. James, who have been indicted for selling whisky to Indians on the Military reservation.

R. F. McConaughy, the well-known cattle man, is in Reno hourly expecting a large shipment of cattle. He has secured pasturage for them on neighboring ranches, and like all other cattle men who have come to Reno says beef will be high this winter.

Alexander Pennycook, of Vallejo, and Miss Annie L. Williams, daughter of A. B. Williams, of Reno, were united in wedlock Tuesday evening at the residence of the bride's parents, Rev. Wm. Lucas officiating. The bride and groom left for San Francisco on the evening train, where they will remain for a few days and then proceed to their new home in Vallejo.

Buena Vista John reports, says the Winnemucca Silver State, that arrangements are being made by the Piutes for a big fandango, to commence at Winnemucca in sixteen days. Piutes from all parts of the country, Shoshones from Eastern Nevada, and Bannocks from Idaho, are expected to attend the festivities, and there will be at least 400 Indians there. Everybody including Washoes, and excluding Chinese, may join in the grand pow-wow.

THANKSGIVING BALL.—The Patriarcha Militant, I. O. O. F., of Reno are making extensive preparations for their first annual ball to be held on Thanksgiving night. It will be a grand uniform and dress ball, all uniform societies and military organizations as well as individual military gentlemen will be invited to attend in full uniform, in fact it will be the grandest affair of the dancing season of 1887 and '88.

A CAT.—The Carson Tribune says A. C. Lamb, a guard at the State Prison, shot a wildcat Tuesday evening. The brute was after chickens and had a large one in its mouth when Mr. L. espied and killed it. Mr. cat or lynx, whatever it is, will be skinned and stuffed and kept among the other curios at the Prison.

COLORADO'S GOVERNOR.

His Honest Opinions.

Governor Grant, of Colorado, passed through Reno Tuesday night, and as we said yesterday, would possibly stop off at Reno on his return. Throwing aside the mining interests in which he is engaged, a JOURNAL reporter tackled him with his Barleign Drill, and propounded a few political conundrums to him. Governor Grant is an exceedingly popular man, as well as being the first Democrat elected to that high position he occupies for many years. He said in substance that Colorado was a Republican State, but that as to his elevation to the Governorship he would be better pleased to have some one else speak of that than himself. As to the political outlook, nationally considered, he said that at the National Convention Mr. Cleveland would receive the unanimous vote of the Colorado Delegation. As to James G. Blaine on the Republican side, he has grown more popular than he has been heretofore since he made the trip to Europe. He will not lose any of the votes he secured in 1884, and as Colorado is a distinctively Republican State, you can draw your own inferences. Quitting politics, he said that he would accept the invitation of Senator Foley and C. C. Fowling on his return—which will be in about a week—and stop off a day as their guest and visit the Reduction Works and on general principles look over the city by the Riverside and then express his opinion of its future possibilities. So far as he had read and heard of the country he was very favorably impressed, and when informed that Governor Stevenson was in town in the morning, he regretted that he did not meet him. "However," he said, "I will let Mr. Powning know when I am coming through, and if time permits, I may visit his Excellency at Carson." With many good wishes from kind friends, he then boarded the train and departed for Southern California.

COMING TO THIS COAST.—Dickie Jose writes that Lew Dockstader has signed with the members of his company for a tour across the continent playing in the principal places from the Atlantic to the Pacific. This splendid minstrel company, which is now drawing crowded houses in New York at Dockstader's cozy little theater, and of which Dickie Jose is the leading soloist, will start on the road for this Coast next April and will play in Reno, Carson and Virginia en route. This will give Dickie's many friends an opportunity to hear him in his new songs in which he has made such a big hit this season, together with the full chorus and orchestra now with the company. Among the favorites now with Dockstader are Frillman, the bass soloist and interlocutor with Birch & Cotton's Minstrels when here; Mr. Mul-lally, one of the finest orchestra leaders in the United States, and Franks and Marion, the popular song and dance artists. Mr. Dockstader has taken a deep interest in our Nevada boy from the beginning, and when he reaches Nevada the reception he will receive will astonish him. Come on boys you will be more than welcome to Nevada, the home of the "Sagebrush Songster."

STOREY'S TAXES.—The Enterprise says the Assessor's roll for 1887 is completed and taxes are now due and payable. The valuation for 1887 is a fair one. It aggregates in personal and real property the sum of \$1,744,245, made up of \$227,724 in real estate, \$427,371 in personal property and \$859,050 in mill and mining property. The tax rate this year is 4 1/2 per cent., and the above sum will bring in a revenue of \$80,729 07. The county revenue for the year 1887 from the bullion tax will be nearly \$20,000. Last year the revenue from this source was only \$2,466. The assessed valuation of property last year was \$2,047,065, upon which the sum of \$90,000 was raised. But it must be remembered that last year property was valued by the Assessor in many instances at two and three times its market value. There is good reason to believe that the rate of assessment will be lowered next year and the present valuation maintained.

EUREKA CONSOLIDATED MINE.—The annual meeting of the Eureka Consolidated Mining Company was held in San Francisco on the 17th, when 45,000 shares out of a possible 50,000 shares were represented. The Trustees chosen are William Fries, (President), W. S. Wood, P. N. Lillenthal, F. A. Benjamin and H. R. P. Hutton. Mr. Hutton succeeds Mr. Wood as Secretary. The value of the bullion produced during the year was \$550,882; other receipts \$40,071. The total resources on the 1st of October were \$128,939, including \$49,775 in bullion. Amount of liabilities on the same date, \$33,432, net resources, \$95,506. Within the past two months the company has paid 25 cents per share dividends, the first for a long time. The President thinks the dividends will be continued for some time.

ROLL OF HONOR.—Following is the roll of honor for the Pyramid City school, for the month of September: Royal Mullin, 95; Chester Toombs, 95; Willie Goll, 94. MARY STANTON, Teacher.

THE SUTRO TUNNEL.

A Statement Regarding Its Cost, Its Income and Its Indebtedness.

Theodore Sutro, attorney of the Sutro Tunnel Company, has, says the S. F. Bulletin, at the request of stockholders, made a detailed report of the result of his investigation into the property, income, prospects and pending litigation of the company. The work makes a book of 185 pages. It shows among other things that the entire cost of constructing the tunnel with its lateral branches, including repairs and incidental expenses, without adding interest, was, at the time of its completion in 1882, a little over \$5,000,000. Including interest since the beginning of the work and up to July, 1887, the date of the report, and expenses since 1882, the total would be about \$10,000,000. The report of the Vice-President in May, 1887, showed that there was nearly 31,000 feet of tunnel, and that everything in connection with the great work was in fine condition. The income of the company in royalties paid by the tributary mines from September 30, 1879, to March 1, 1887, was \$1,027,376 49. From other sources an amount was received which brought the total income to the last mentioned date up to \$1,039,420 33. The total expenses for the past three years have amounted to \$260,546 06, and the average net income for the same period has been \$117,925 90 per annum.

An arrangement for settlement with certain holders of mortgages in London has been made by which the company can secure an entire release and save their valuable property by a cash payment to the mortgagees of \$1,000,000. After a settlement of the litigation, a most flattering prospect for the future is assured.

DANCE AT GLENDALE.—W. H. Dauchy has refitted the Glendale Hotel from cellar to garret, and will give a social dance in it on Thursday evening, October 27th. Music will be furnished by the Reno Orchestra, and tickets will be \$2, which will entitle the holder to bring as many ladies as he desires and a fine supper.

THE FUNNIEST MAN IN RENO.—Tues-

day afternoon on Commercial Row, that best of all known milkmen, Mr. A. T. Rice, mounted Bob Christy's boot-black stand and while regaling the crowd with his peculiar anecdotes, and carefully watching the dexterous application of the brush, kept the assembled crowd in roars of laughter. Mr. Rice is 67 years of age and the father of a numerous and industrious family—one of his sons figuring conspicuously in newspaperdom—but a spryer or more agile mortal at his age never trod terra firma. He is known by all the men in town, admired by all the women, shouted at by all the boys, laughed at by all the girls, and makes everybody happy within his milk circuit; this, by way of explanation of the universality of the sentiment of the public towards him. When the dexterous Christy had "put on de shine" the old man stood up on the trod-iron foot-steps of the stand and without a moment's notice, and to the astonishment of all present, gave vent to one of his laughs, which in sound reminds one of the "big institution," sprang into the air over the redoubtable Bob's head, turning a complete somersault and landing safely on his feet upon the sidewalk. Immediately after he jumped into his wagon and was heard as he drove away quietly soliloquizing, "Oh! bother the flowers that bloom in the Spring;" while Christy exclaimed: "Well, I'll be d—d if that ain't the liveliest old daisy ever I shined, boys! and I've been at it since '50."

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-aw 7-1v

250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Lo-
cation and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of
the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west
at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the
rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River
and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide,
while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil
is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from
fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

 RENO! Is the Railroad Center of Nevada. RENO Is the Educational Center of Ne- vada. RENO Is the Healthiest Town in Nevada. RENO Is Great, and Alfalfa is King! The Safest Investment IN THE STATE. RENO PROPERTY Is the Cheapest on the Coast in comparison with that of other cities.	RENO Has no equal in Nevada or California for salubrity of climate, wealth of soil, di- versity of products and sta- bility. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and gen- ial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule. Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whit- aker's School for Girls, Mt. St. Mary's Academy, the State University, and splen- did Public Schools. The Reno Water Co. fur- nishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well stabilized, is being aug- mented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are light- ed by electricity.	 RENO! Has 5,000 Population and is Growing Rapidly. The Loveliest Town! The Cleanest Town! The Wealthiest Town! The Healthiest Town! RENO Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.	RENO Reno's geographical posi- tion is excellent. It is on the line of the Central Pac- ific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Vir- ginia and Truckee Railroad running south, and of the Nevada and California Rail- road running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established. Reno has the Bank of Ne- vada with \$300,000 capital, and the First National Bank with \$100,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette. Reno is the natural home of the Alfalfa, and therefore the great cattle headquar- ters of the State. Here are fed the prime beef for the Cali- fornia market. Reno pota- toes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition. The State Fair is always held at Reno. Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

NOTICE.

DISTRICT COURT OF THE STATE OF
Nevada, in and for Washoe county; in the
matter of the estate of R. H. Crocker, deceased:
It appearing to the undersigned Judge of said
Court, from verified petition of executor of
estate, that it is necessary to sell the whole of
the real estate belonging to said estate to pay
costs and expenses of administration and debts
of decedent; it is hereby ordered that all per-
sons interested in said estate appear before
said Court on Saturday, the 6th day of Novem-
ber, 1897, at 10 o'clock in the forenoon of said
day, at the Court-room of said Court in the
town of Reno, Washoe county, State of Nevada,
and show cause, if any they have, why an or-
der should not be made and granted to the
executor of said estate to sell so much of the
real estate of the deceased as shall be necessary.
It is hereby ordered that a copy of this order be
published at least four successive weeks pre-
vious to said hearing in DAILY NEVADA STATE
JOURNAL, a newspaper printed and published
in said Washoe county, State of Nevada, as
lawful and sufficient notice thereof.
R. H. BINGLOW, District Judge.
RENO, Nev., Sept. 21, 1897.
